

TAYMOUR

Finance and Accounting Professional

| [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

Finance and accounting professional with over 7 years of experience in financial operations, cash management, compliance, and multi-system data processing across banking and healthcare. Proven record of managing high-volume daily cash and credit card reconciliations of \$15,000 USD and above with zero discrepancies, processing financial clearances, and coordinating with insurers under strict regulatory requirements. Proficient in AS400, SAP, and Microsoft Excel. Brings a strong foundation in loan processing, credit documentation, and financial record management from BLOM Bank, combined with the precision demanded by fast-paced operational environments. Seeking to apply this expertise in an accounting role.

PROFESSIONAL EXPERIENCE

Financial Operations Specialist

Jul 2022 - Present

American University of Beirut Medical Center (AUBMC) | Beirut, Lebanon

- Manage daily cash and credit card reconciliations averaging \$15,000 USD per shift, consistently closing with zero discrepancies across all financial cycles.
- Process financial clearances for an average of 50 cases per shift, coordinating between medical teams, patients, and insurance providers to ensure timely and accurate billing.
- Liaise directly with insurance companies to obtain approvals, resolve billing disputes, and ensure compliance with provider agreements and documentation requirements.
- Maintain accurate financial records and process social security documentation in accordance with institutional and regulatory standards.
- Operate AS400 and EMR systems for financial data entry, account management, and transaction reporting.
- Support shift-based financial operations across AM and PM cycles in a high-volume, high-accuracy environment.

Finance and Admissions Officer

Mar 2021 - Jul 2022

Ain W Zain Hospital | Ain W Zain, Lebanon

- Processed patient financial admissions and discharge clearances, coordinating with insurance providers and the National Social Security Fund (NSSF) for approvals and billing.
- Performed daily accounting tasks including cash handling, transaction recording, and reconciliation of financial accounts.
- Operated SAP for financial data processing and record management, ensuring accuracy across all entries.
- Maintained compliance with hospital financial procedures and contributed to reducing patient waiting times through streamlined admissions processing.

Cashier and Financial Administrator

Jan 2019 - Feb 2021

Food Adore Restaurant | Bater, Lebanon

- Managed daily cash operations and end-of-day reconciliations, maintaining consistent accuracy across all transaction records.
- Handled supplier payments and coordinated with vendors to ensure timely settlement of outstanding invoices and accurate record keeping.
- Maintained basic bookkeeping records including expense tracking, petty cash management, and daily sales logs to support management reporting.

- Processed customer orders and handled complaints professionally, ensuring smooth daily operations.
- Assisted in maintaining hygiene and operational compliance standards across the establishment.

Banking and Financial Operations Analyst

Jul 2016 - Oct 2018

BLOM Bank Headquarters | Beirut, Lebanon

- Processed consumer loan applications end-to-end, verifying customer, dealer, and company documentation against bank compliance requirements.
- Prepared Credit Data Reports (CDR) and ensured full adherence to internal banking procedures and regulatory standards.
- Coordinated with customers, dealerships, and corporate clients for accurate documentation, follow-up, and timely loan processing.
- Conducted background and financial inquiries on prospective clients, coordinating with local and correspondent banks in full compliance with banking secrecy laws.
- Entered and maintained verified client data in the AS400 core banking system, ensuring data integrity across all records.
